We also want to emphasize the importance of continuous faith formation between sacraments. Our Confirmation program is designed with the expectation that candidates have a strong foundation in their Catholic faith. CCD is just as essential for a second grader as it is for students in grades 3-8—faith formation is a lifelong journey for all of us!

Please know that our parish community is here to support you and your family. Our entire staff is ready to assist in any way possible, and we hold you, your child(ren), and your loved ones in our prayers.

May God bless your family abundantly!

In Christ's love,

Susana Yllanes
